“Education Is Our Business”

Our Mission

Escondido Charter High School is committed to providing a safe and orderly learning environment where teachers are responsible for implementing a curriculum based on the fundamental skills that form the foundation of learning: reading, writing, mathematics and computer skills. Accomplishment in academic areas is stressed. In addition Escondido Charter High School emphasizes the appreciation and understanding of American civilization and United States History. We believe that the parents and the school share a dual responsibility in developing an educational plan that provides students with the opportunity to succeed as a scholar and as a citizen.

School Motto: “We will face any challenge with strength and pride.”
